JONES HAD ABOUT 100,000 VOTES.

It Seems to Have Come Largely From the Democratic Ranks - Republicans Also Have a Majority of the Legislature-Mill Succeeds Danford.

COLUMBUS, O., Nov. 8.—The returns showed that the Democratic gains in Cincinnati, Cleveland and Toledo were reduced and that McLean was likely third at Cleveland and possibly at Toedo, in which cities, Jones drew much more heavily from the Democrats than the Republicans. At the same time time the Republican net gains outside of Cincinnati, Cleveland and Toledo were increasing at such a rate as to indicate a plurality of from 30,000 to 40,000 for for Judge Nash for governor and the entire Republican state ticket, including a majority of the legislature.

The full Republican ticket elected

For governor-GEORGE K. NASH of Franklin

For Lieutenant governor-JOHN A.

For sellator, Tenth district - ED-WARD D. HOWARD.

Judge Nasn, Republican candidate, was receiving the congratulations of his friends at the Neil House. He said: "I claim my election by at least 30,000. but I am too much engaged to give a statement of the causes or to analyze

the results for the press." The Jones vote, which will not be more than 100,000, seems to have come largely from the Democratic party.

Wheeler Thinks They Will Be Good Place For Americans Harm ot Criticism at Home.

FLORENCE, Ala., Nov. 8.—General Joe Wheeler, in a letter to Hon. W. J. Wood, of Florence, stating his views on the Philippine question, said in part:

"I am delighted with the Philippine islands. I have no doubt that a little push and energy this fall will crush out the Aguinaldo insurrection, Out of 9,000,000 of people in these islands I do not think that he has more than 20.000 soldiers and in a square fight 5,000 Americans would tear them to pieces.

"The evil features of these islands have been exaggerated to the people. Their extent is so great from north to south and the variation of the altitude is such that there is a great variety of climate and variety of productions. Americans will find this an excellent field for their energies, and the wealth producing powers of these islands under American influence will be very great.

"The action of some people in the United States in asserting that the Philippines ought to have independence does a great deal of harm and assists Aguinaldo in maintaining the insurrection, as he publishes all assertions by Americans of that character, and he tells his supporters that, if they hold our till winter, independence will be given them.

"It also has a bad effect in thisthat people who are disposed to be favorable to us and who desire us to gover-

the islands fear to assert themselves pecause they know that if they should do so and the Americans should abandon them they would be in great danger of their lives, and in all probability their property would be confiscated.

#### HOBART'S CONDITION

LORE FAVORABLE.

Sat Up In a Chair For a Short Time and Ate Some Solid Food-Doctor Non-Committal.

PATERSON, N. J., Nov. 8.-Vice President Hobart's condition was reported to be more favorable. It was stated at his house that Mr. Hobart had been able to sit up in a chair for a short time and had eaten some solid food, something he had not done in three weeks. He was less nervous than he had been for some days, and his family felt encouraged over his apparent improved condition. Dr. Newton, who remained at the house, would not offer any encouragement as to the vice president's recovery.

During the day Attorney General Griggs called and had a short interview with the vice president. Mr. Hobart was cheerful, and he told Mrs. Hobart that he hoped to be able to take her out for a drive before long. Among those who sent telegrams inquiring as to the vice president's condition were Senator and Mrs. Platt of Connecticut, Richard Mansfield, and Senator and Mrs. Fauikner of West Virginia.

Republican State Ticket Won In Pennsylvania.

VOTE WAS SURPRISINGLY LIGHT.

The Head of the Ticket Received the News In Pittsburg, With Attorney General Elkin-Latter Claimed a Plurality of 125,000.

PHILADELPHIA, Nov. 8.—Estimates from all of the counties in the state in dicate Barnett's (Rep.) plurality over Creasy, Dem., to be 138,483. In same counties the estimates were necessarily based on meagre information and complete returns may change the result.

PHILADELPHIA, Nov. 8.—Returns from about one-half of the 67 counties in the state indicate that the vote was the lightest polled in years. Lieutenant Colonel James E. Barnett, the Republican candidate for state treasurer was cut considerably as a result of attacks made upon his military record but the returns received indicate his election by over 100,000 plurality.

In the state the following ticket was elected: State treasurer, James E. Barnett, Rep.; supreme court judge, J. Hay Brown, Rep.; S. Leslie Mestrezat, Dem.; superior court judge, John 1. Mitchell, Rep. There are two vacancies in the supreme court and each party elects one judge.

Complete returns from the 40 wards in this city give Barnett, Republican, for state treasuer, a piurality over Creasy, Democrat, of 69,407, against a plurality of 74,548 for Haywood, the Republican candidate in 1995, and a plurality of 70,953 for Beacon, Republican, in 1897. The total vote cast was 150,440 against 158,588 in 1895 and 145,047 in

Republican State Chairman Reeder

"Colonel Barnett's majority in the state will be 140,000. The majority in Allegheny will be about 20,000 and in the state, exclusive of Philadelphia and Allegheny, about 50,000. The other candidates will run somewhat ahead of Barnett, as the opposition within our own party has been concentrated upon Colonel Barnett."

In an interview Senator Penrose said: "It seems to be a staunch Republican victory all along the line and a strong indorsement of the national administration. We are all gratified at the splendid indorsement of Colonel Barnett.'

One congressman was elected in Pennsylvania. In the Ninth district, comprising Berks and Lehigh counties, Captain H. D. Greene, Dem., was chosen by a majority of 5,000 to succeed D. M. Ermentrout, deceased.

PITTSBURG, Nov. 8.—James E. Barnett, the head of the Republican ticket, received the news of the election in Pittsburg. Mr. Barnett was joined by R. B. Scrandrett and a few other personal friends. Later Attorney General Elkin arrived and joined the party.

Attorney General Elkin claimed a plurality in the state for Barnett of 125,000. This, he said, was a gratifying result, and exceeded the claims the Republican managers had made before the election.

"The returns we have received," he said, "indicate that Barnett's plurality will exceed that of Beacom. That of Beacom was 120,000, and I think Barnett will have at least 125,000.

PITTSBURG, Nov. 8.—Barnett will have an estimated majority of from 15,000 to 18,000 in the county. It is doubtful if he will lead the ticket.

#### Funeral of Monsignor Jessing.

COLUMBUS, Nov. 8.—The funeral of Monsignor Joseph Jessing occurred at the Josephinum. Monsignor Martinelli, the apostolic delegate, was the celebrant of the pontifical requiem high mass, while two sermons were delivered. The remains were placed in a vault at Mount Calvary cemetery. It was the wish of the deceased that he should finally be buried under the altar at the Josephinum, and this probably will be done.

#### Republicans Carried New Jersey.

TRENTON, Nov. 8.—The returns indicated that the Republicans have carried the state by about 20,000 plurality, although there was no direct vote on a state ticket. The Republicans will control both houses of the legislature by good working majorities, and will have an increased representation in the house of assembly.

"Colonel Barnett's majority in the state will be 140,000. The majority in Alleghenv will be about 20,000 and in the state, exclusive of Philadelphia and Allegheny, about 50,000. The other candidates will run somewhat ahead of Barnett, as the opposition within our own party has been concentrated upon Colonel Barnett."

In an interview Senator Penrose said: "It seems to be a staunch Republican victory all along the line and a strong indorsement of the national administration. We are all gratified at the splendid indorsement of Colonel Barnett."

One congressman was elected in Pennsylvania. In the Ninth district, comprising Berks and Lehigh counties, Captain H. D. Greene, Dem., was chosen by a majority of 5,000 to succeed D. M. Ermentrout, deceased.

PITTSBURG, Nov. 8.—James E. Barnett, the head of the Republican ticket, received the news of the election in Pittsburg. Mr. Barnett was joined by R. B. Scrandrett and a few other personal friends. Later Attorney General Elkin arrived and joined the party.

Attorney General Elkin claimed a plurality in the state for Barnett of 125,000. This, he said, was a gratifying result, and exceeded the claims the Republican managers had made before the election.

"The returns we have received," he said, "indicate that Barnett's plurality will exceed that of Beacom. That of Beacom was 120,000, and I think Barnett will have at least 125,000.

PITTSBURG, Nov. 8.—Barnett will have an estimated majority of from 15,000 to 18,000 in the county. It is doubtful if he will lead the ticket.

#### Funeral of Monsignor Jessing.

COLUMBUS, Nov. 8.—The funeral of Monsignor Joseph Jessing occurred at the Josephinum. Monsignor Martinelli, the apostolic delegate, was the celebrant of the pontifical requiem high mass, while two sermons were delivered. The remains were placed in a vault at Mount Calvary cemetery. It was the wish of the deceased that he should finally be buried under the altar at the Josephinum, and this probably will be done.

#### Republicans Carried New Jersey.

TRENTON, Nov. 8 .- The returns indicated that the Republicans have carried the state by about 20,000 plurality, although there was no direct vote on a state ticket. The Republicans will control both houses of the legislature by good working majorities, and will have an increased representation in the house of assembly.

Owing to trains being delayed the lecturer did not arrive until considerably after the time set, but this was fully compensated by the manner and matter of his lecture. He handled his subject, not, he said, from the religious standpoint, but from the standpoint of perfect manhood, and his eloquent and instructive address was listened to with rapt attention until the close when Mr. Wendling was given an ovation.

The only incidents that marred the pleasure of the evening were due to some of the auditors themselves. If the three ladies, wearing immense hats, well in the front of the house, had regeegaws, those in the rear, who paid as much for their seats as the view-destroyers, would not have suffered. #### JONES THE INGRATE.

Somuel M. Jones has been a Republican office holder, and has pretended to be a Republican. He now says that he is very much delighted if he has in any manner contributed to the vote of Democratic Boodler McLean, a man who hoped to BUY his way to the position of Governor of the grand old commonwealth of Ohio. #### THE LOWER REGION SHEET.

The lower region sheet, with its usual stupidity and lack of common sense, despite its would-be cunning, has fallen into the grave of its own digging. Despised and cast adrift by Democrats, so thoroughly disliked as not to be acceptable to the Republicans, it attempted the go-between of the money grabber. attempting to secure hard cash from either party. Repulsed in the campaign by the Republican leaders, and not granted even hay from the financial crib, the distorted foot came forth in all its ugliness, denouncing McKinley and his administration, Nash and all his splendid Republican co-workers, on its first page, not even under the heading ing McLean and boodle. As one of the principal stockholders in the sheet said: "The proprietor of that sheet made a big mistake from every stand. point." The day of judgment for this delectable sheet has come. Trickery and low cunning may prevail for a season, but the right will win in the end. Exit the lower region sheet.

#### Four Courtship Sundays.

The four Sundays of November are observed as fete days in Holland. They are known by the curious names Review, Decision, Purchase and Possession and all refer to matrimonial affairs, November in Holland being the month par excellence devoted to courtship and marriage, probably because the agricultural occupations of the year are over and possibly because the lords of creation from quite remote antiquity have recognized the pleasantness of having wives to cook and cater for them during the long winter.

On Review Sunday everybody goes to church, and after service there is a church parade in every village, when the youths and maidens gaze upon each other, but forbear to speak.

On Decision Sunday each bachelor who is seeking a wife approaches the maiden of his choice with a ceremonious bow and from her manner of responding judges whether his advances are acceptable. Purchase Sunday the consent of the parents is sought if the suit has prospered during the week Not until Possession Sunday, howev er, do the twain appear before the world as actual or prospective brides and grooms. - Denver News.

#### JONES THE INGRATE.

Somuel M. Jones has been a Republican office holder, and has pretended to be a Republican. Surely Samuel Mutton Jones is a PECULIAR reformer.

Ohio's splendid victory is matched by Republican successes in Kentucky, Iowa, New Jersey and South Dakota, increased Republican pluralities in Massachusetts, Kansas and Pennsylvania and Republican gains in Nebraska and New York. Democratic success in Maryland was due to a Republican factional fight. It means the resurrection of Ex-senator Gorman as a Democratic leader, a fact that will scarcely cheer the Bryanites.

### He Took the Hint.

General Harrison, in 1889, sent Dr. Bedloe of Philadelphia to Canton as consul. During his term the doctor was spending a month or two in Washington and was largely in evidence in social and political circles. About this time the Gridiron club gave a dinner and both gentlemen were guests. The doctor told a few stories early in the evening, and later on the president made a speech.

"I was charmed," he said in his soft, graceful way, "to hear the clever anecdotes from our distinguished consul to -I mean from Amoy." Then he passed on to other topics, but the doctor took the hint, and the next steamer carried him back to his post.

It was not the first time that Dr. Bedloe had experience with presidents at club dinners. Once President Cleveland was a guest at the celebrated Clover club in Philadelphia, of which the doctor is a famous wit. The Cloverites always interrupt their guests when they rise to speak. Knowing this, Mr. Cleveland began:

"Go on, gentlemen; I am prepared for the worst."

There came an instant's pause, and the doctor cackled shrilly

#### He Took the Hint.

General Harrison, in 1889, sent Dr. Bedloe of Philadelphia to Canton as consul. During his term the doctor was spending a month or two in Washington and was largely in evidence in social and political circles. About this time the Gridiron club gave a dinner and both gentlemen were guests. The doctor told a few stories early in the evening, and later on the president made a speech.

"I was charmed," he said in his soft, graceful way, "to hear the clever anecdotes from our distinguished consul to -I mean from Amoy." Then he passed on to other topics, but the doctor took the hint, and the next steamer carried him back to his post.

It was not the first time that Dr. Bedloe had experience with presidents at club dinners. Once President Cleveland was a guest at the celebrated Clover club in Philadelphia, of which the doctor is a famous wit. The Cloverites always interrupt their guests when they rise to speak. British Not Merely on Defensive at Ladysmith.

BOERS WERE CUT TO PIECES.

A Force of Them at Tatham's Farm Practicalty Wiped Out-Another Successful Engagement - Believed That Railway Will Be Opened.

London, Nov. 8.-The welcome dispatches from the front have rent the veil of gloom enveloping Ladysmith, showing the British garrison not merely standing on the dogged defensive, but executing a series of brilliant sorties. Accounts from different sources agree that the laconic official description of Thursday's engagement as 'an effective shelling of the Boer laager" was unduly modest. It appears that General Sir George Stewart White sent a strong force of cavalry and infantry to attack the Boers at Tatham's farm, about ten miles to the northwest, near Besters. and apparently achieved a surprise, the Boers being caught on the open velat and cut to pieces and their army captured. Encouraged by this success, General White decided to risk an even more important engagement on the following day, which was again justified

Ladysmith had been isolated and a Boer force had intercepted the railway between Ladysmith and Colenso. This force on Friday had descended upon Colenso and, as shown by the dispatches from Estcourt, had compelled a hurried abandonment of Colenso and a retirement of the British to Estcourt.

General White had ascertained that the Boers were attacking Colenso, but he was not aware of the British retirement. He had determined, therefore, to attack the Boers in the rear, thus hoping to achieve the double object of drawing off an attack upon the weak garrison of Colenso and possibly of reopening communication southward.

The Boers had advanced southward until they had occupied the hills north of Tugela river and dominating Colenso on the other side of the stream. The hills slope to a plain that reaches to the banks of the Tugela.

General White's division caught the Boers in the rear and, after the hills had been shelled, the British infantry stormed the position. Meanwhile the Britiah cavalry swept around the hills, and, as the retreating enemy descended into the plains with British bayonets behind them and the river in front of them, they were charged by the cavairy and seem to have perished almost to a man. The British then returned to Ladysmith without coming into touch with the Colenso garrison, which had retired to Estcourt.

Sunday's dispatch from Estcourt, however, showed that an armored train had been sent back to Colenso to repair the line, and the next news may possibly be of the restoration of communication with Ladysmith.

While the British troops were thus engaged in successful endeavors to wipe out the Nicholsons Nek disaster the sitnation inside Ladysmith, as shown by an official dispatch from the general ac Estcout was most satisfactory, encour aging a hope that Sir George White may yet completely retrieve his shaken reputation.

Interesting news came from the channel squadron at Gibraltar, showing precautions against all eventualities almost unknown in European waters in peace time. On the way to Gibraitar the flect spread out four miles apart and a sharp outlook was kept for suspicious craft At Gibraltar extra sentries are posted at night at dimerent parts of the ships with ten rounds of ball cartridges each. The small guns on the upper deck and in the fighting tops are kept ready for immediate use, the ammunition being on deck; a few men sleep at the guns, the searchlights are kept working and all boats are hailed and not allowed to approach without the permission of the officer of the watch.

#### The British Loss Eight.

LONDON, Nov. 8.—An official dispatch from Ladysmith, dated Monday, Nov. 6, said: "There has been a cessation of hostilities since Friday. Only one Kaifir was killed by the Boer bombardment. The total British loss was eight killed, including Captain Knapp and Lieutenant Brabant, and 20 wounded in Thursday's and Friday's engagement. PHILADELPHIA, Nov. 8.-Tne final session of the semi-annual meeting of the board of bishops of the M. E. church was held behind closed doors. The conference has been in session here for eight days and much business of importance to the church was transacted.

After the session the bishops departed for Baltimore, where they will meet the general committee on church extension to assemble tomorrow morning.

A number of the prelates will remain in Baltimore over Sunday and others will return to this city to speak from local pulpits in the interest of the Freedmen's Aid cause. On Nov. 15 the board will go to Washington to meet the general missionary committee.

#### MARYLAND DEMOCRATIC.

John Walter Smith Elected Governor by a Large Majority-Democrats Control Legislature.

BALTIMORE, Nov. 8.—Incomplete returns from from the city of Baltimore and meagre returns from the state indicate that the Republicans of Maryland have been overwhelmingly defeated, and that John Walter Smith, the Democatic candidate, has been elected by a majority variously estimated at from 10,000 to 15,000. There is also a reasonable certainty that the lower house of the general assembly will be Democratic by a large majority, and that the Democrats will elect enough state senators to overcome the Republican advantage among the holdover senators, thereby controlling both branches of the legislature.

The Democrats are wild with enthusiasm, while the Republicans are correspondingly depressed over the result, which they are inclined to attribute to treachery among the followers of Mayor Malster and United States Senator George L. Wellington. The latter has taken no part in the campaign and has not hesitated, since his resignation as chairman of the state central committee a few weeks ago, to predict the overwhelming deteat of the Republican

#### HOW THE PRESIDENT VOTED.

Walked to Polls, After Exchanging Greet ings, and Cast His Ballot.

CANTON, O., Nov. 8 .- Respecting the President's desire for simplicity in exercising the right of franchise Cantonians organized no demonstration when he came here to vote, but when the train steamed in there were on the station platform nearly all the members of the reception committee of the 1896 campaign, scores of old neighbors and close friends together with an immense crowd of old citizens. Lusty cheering began as the train appeared and continued until the party in carriages disappeared. The party went direct to the Barber home to be the guests of Mrs. McKinley's sister

As soon as greetings were exchanged and Mrs. McKinley comfortably established the president started for his polling place, B of the First ward. At the Barber steps he encountered an impromptu reception, a large crowd having gathered to geet him.

Shaking hands as he passed, the president walked to the polling place seven blocks away. Here there were more greetings exchanged and he was handed ballot 101. He was back of the booth curtain only an instant and then | Canadian lambs. \$5.10@5 40. handed his ballot to the judge.

British Not Merely on Defensive at Ladysmith.

BOERS WERE CUT TO PIECES.

A Force of Them at Tatham's Farm Practicalty Wiped Out-Another Successful Engagement - Believed That Railway Will Be Opened.

London, Nov. 8.—The welcome dispatches from the front have rent the veil of gloom enveloping Ladysmith, showing the British garrison not merely standing on the dogged defensive, but executing a series of brilliant sorties. Accounts from different sources agree that the laconic official description of Thursday's engagement as 'an effective shelling of the Boer laager" was unduly modest. It appears that General Sir George Stewart White sent a strong force of cavalry and infantry to attack the Boers at Tatham's farm, about ten miles to the northwest, near Besters. and apparently achieved a surprise, the Boers being caught on the open velat and cut to pieces and their army captured. Encouraged by this success, General White decided to risk an even more important engagement on the following day, which was again justified by success.

Ladysmith had been isolated and a Boer force had intercepted the railway between Ladysmith and Colenso. Tms force on Friday had descended upon Colenso and, as shown by the dispatches from Estcourt, had compelled a hurried abandonment of Colenso and a retirement of the British to Estcourt.

General White had ascertained that the Boers were attacking Colenso, but he was not aware of the British retirement. He had determined, therefore, to attack the Boers in the rear, thus hoping to achieve the double object of drawing off an attack upon the weak garrison of Colenso and possibly of reopening communication southward.

The Boers had advanced southward until they had occupied the hills north of Tugela river and dominating Colenso on the other side of the stream. The hills slope to a plain that reaches to the banks of the Tugela.

General Wnite's division caught the Boers in the rear and, after the hills had been shelled, the British infantry stormed the position. Meanwhile the British cavalry swept around the hins, and, as the retreating enemy descended into the plains with British bayonets behind them and the river in front of them, they were charged by the cavairy and seem to have perished almost to a man. The British then returned to Ladysmith without coming into touch with the Colenso garrison, which had retired to Estcourt.

Sunday's dispatch from Estcourt however, showed that an armored train had been sent back to Colenso to repair the line, and the next news may possibly be of the restoration of communication with Ladysmith.

While the British troops were thus engaged in successful endeavors to wipe out the Nicholsons Nek disaster the situation inside Ladysmith, as shown by an official dispatch from the general ac Estcout was most satisfactory, encouraging a hope that Sir George White may yet completely retrieve his shaken reputation.

Interesting news came from the channel squadron at Gibraltar, showing precautions against all eventualities almost unknown in European waters in peace time. On the way to Gibraltar the flect spread out four miles apart and a sharp outlook was kept for suspicious craft At Gibraltar extra sentries are posted at night at dimerent parts of the ships with ten rounds of ball cartridges each. The small guns on the upper deck and in the fighting tops are kept ready for immediate use, the ammunition being on deck; a few men sleep at the guns, the searchlights are kept working and all boats are hailed and not allowed to approach without the permission of the officer of the watch.

#### The British Loss Eight.

London, Nov. 8.—An official dispatch from Ladysmith, dated Monday, Nov. 6. said: "There has been a cessation of hostilities since Friday. Only one Kaifir was killed by the Boer bombardment. #### MARYLAND DEMOCRATIC.

John Walter Smith Elected Governor by a Large Majority-Democrats Control Legislature.

BALTIMORE, Nov. 8.—Incomplete returns from from the city of Baltimore and meagre returns from the state indicate that the Republicans of Maryland have been overwhelmingly defeated, and that John Walter Smith, the Democatic candidate, has been elected by a majority variously estimated at from 10,000 to 15,000. There is also a reasonable certainty that the lower house of the general assembly will be Democratic by a large majority, and that the Democrats will elect enough state senators to overcome the Republican advantage among the holdover senators, thereby controlling both branches of the legislature.

The Democrats are wild with enthusiasm, while the Republicans are correspondingly depressed over the result, which they are inclined to attribute to treachery among the followers of Mayor Malster and United States Senator George L. Wellington. The latter has taken no part in the campaign and has not hesitated, since his resignation as chairman of the state central committee a few weeks ago, to predict the overwhelming deteat of the Republican party.

#### HOW THE PRESIDENT VOTED.

Walked to Polls, After Exchanging Greet ings, and Cast His Ballot.

CANTON, O., Nov. 8 .- Respecting the President's desire for simplicity in exercising the right of franchise Cantonians organized no demonstration when he came here to vote, but when the train steamed in there were on the station platform nearly all the members of the reception committee of the 1896 campaign, scores of old neighbors and close friends together with an immense crowd of old citizens. Lusty cheering began as the train appeared and continued until the party in carriages disappeared. The party went direct to the Barber home to be the guests of Mrs. McKinley's sister

As soon as greetings were exchanged and Mrs. McKinley comfortably established the president started for his polling place, B of the First ward. At the Barber steps he encountered an impromptu reception, a large crowd having gathered to geet him.

Shaking hands as he passed, the president walked to the polling place seven blocks away. Here there were more greetings exchanged and he was handed ballot 101. He was back of the booth curtain only an instant and then handed his ballot to the judge.

British Not Merely on Defensive at Ladysmith.

BOERS WERE CUT TO PIECES.

A Force of Them at Tatham's Farm Practicalty Wiped Out-Another Suc cessful Engagement - Believed That Railway Will Be Opened.

LONDON, Nov. 8.-The welcome dispatches from the front have rent the veil of gloom enveloping Ladysmith, showing the British garrison not merely standing on the dogged defensive, but executing a series of brilliant sorties. Accounts from different sources agree that the laconic official description of Thursday's engagement as 'an effective shelling of the Boer laager" was unduly modest. It appears that General Sir George Stewart White sent a strong force of cavalry and infantry to attack the Boers at Tatham's farm, about ten miles to the northwest, near Besters. and apparently achieved a surprise, the Boers being caught on the open velat and cut to pieces and their army captured. Encouraged by this success, General White decided to risk an even more important engagement on the following day, which was again justified by success.

Ladysmith had been isolated and a Boer force had intercepted the railway between Ladysmith and Colenso. Tms force on Friday had descended upon Colenso and, as shown by the dispatches from Estcourt, had compelled a hurried abandonment of Colenso and a retirement of the British to Estcourt.

General White had ascertained that the Boers were attacking Colenso, but he was not aware of the British retirement. He had determined, therefore, to attack the Boers in the rear, thus hoping to achieve the double object of drawing off an attack upon the weak garrison of Colenso and possibly of reopening communication southward.

The Boers had advanced southward until they had occupied the hills north of Tugela river and dominating Colenso on the other side of the stream. The hills slope to a plain that reaches to the banks of the Tugela.

General White's division caught the Boers in the rear and, after the hills had been shelled, the British infantry stormed the position. Meanwhile the Britiah cavairy swept around the hills, and, as the retreating enemy descended into the plains with British bayonets behind them and the river in front of them, they were charged by the cavairy and seem to have perished almost to a man. The British then returned to Ladysmith without coming into touch with the Colenso garrison, which had retired to Estcourt.

Sunday's dispatch from Estcourt, however, showed that an armored train had been sent back to Colenso to repair the line, and the next news may possibly be of the restoration of communication with Ladysmith.

While the British troops were thus engaged in successful endeavors to wipe out the Nicholsons Nek disaster the situation inside Ladysmith, as shown by an official dispatch from the general as Estcout was most satisfactory, encouraging a hope that Sir George White may yet completely retrieve his shaken reputation.

Interesting news came from the channel squadron at Gibraltar, showing precautions against all eventuanties almost unknown in European waters in peace time. On the way to Gibraitar the flect spread out four miles apart and a sharp outlook was kept for suspicious craft At Gibraltar extra sentries are posted at night at dimerent parts of the ships with ten rounds of ball cartridges each. The small guns on the upper deck and in the fighting tops are kept ready for immediate use, the ammunition being on deck; a few men sleep at the guns, the searchlights are kept working and all boats are hailed and not allowed to approach without the permission of the officer of the watch.

#### MARYLAND DEMOCRATIC.

John Walter Smith Elected Governor by a Large Majority-Democrats Control Legislature.

BALTIMORE, Nov. 8.—Incomplete returns from from the city of Baltimore and meagre returns from the state indicate that the Republicans of Maryland have been overwhelmingly defeated, and that John Walter Smith, the Democatic candidate, has been elected by a majority variously estimated at from 10,000 to 15,000. There is also a reasonable certainty that the lower house of the general assembly will be Democratic by a large majority, and that the Ohio, in cases, 19 @20c: southern, 18@19c; (1c Democrats will elect enough state sena- additional for candling.) tors to overcome the Republican advantage among the holdover senators. thereby controlling both branches of the legislature.

The Democrats are wild with enthusiasm, while the Republicans are correspondingly depressed over the result, which they are inclined to attribute to treachery among the followers of Mayor Malster and United States Senator George L. Wellington. The latter has taken no part in the campaign and has not hesitated, since his resignation as chairman of the state central committee a few weeks ago, to predict the overwhelming defeat of the Republican

HOW THE PRESIDENT VOTED.

Walked to Polls, After Exchanging Greet ings, and Cast His Ballot.

CANTON, O., Nov. 8 .- Respecting the President's desire for simplicity in exercising the right of franchise Cantonians organized no demonstration when he came here to vote, but when the train steamed in there were on the station platform nearly all the members of the reception committee of the 1896 campaign, scores of old neighbors and close friends together with an immense crowd of old citizens. Lusty cheering began as the train appeared and continued until the party in carriages disappeared. The party went direct to the Barber home to be the guests of Mrs. McKinley's sister

As soon as greetings were exchanged and Mrs. McKinley comfortably established the president started for his polling place, B of the First ward. At the Barber steps he encountered an impromptu reception, a large crowd hav ing gathered to geet him.

Shaking hands as he passed, the president walked to the polling place seven blocks away. Here there were more greetings exchanged and he was handed ballot 101. He was back of the booth curtain only an instant and then handed his ballot to the judge.

There are between 3,000,000 and 5,000,000 tons of it turned out by the mills every year. It is bulky and hard to get rid of. The law prohibits dumping it into the streams. The owners of the old sugar houses constructed at considerable expense immense bagasse chimneys into which the dry canes were dropped and then destroyed by fire by forced draft. Governor Warmoth believes that the time has come when a paper mill as an annex to a sugar factory will prove profitable, and he will try it. He is in a position to try it on more satisfactory terms than the other planters, because his Magnolia plantation has one of the four diffusion plants in Louisiana, the other three being at Baton Rouge and in Ascension and St. Mary parishes. The dry chips which come from the diffusion battery after the sugar has been extracted from them are naturally in better condition to be manufactured into paper than the ushed cane which comes from the other sugar mills, and if the sugar cane paper industry proves successful anywhere it will be upon the Warmoth place.

15TH YEAR. NO. 129.

EAST LIVERPOOL, O., WEDNESDAY, NOV. 8, 1899.

TWO CENTS

Republican Candidate Elected Governor.

JONES HAD ABOUT 100,000 VOTES.

It Seems to Have Come Largely From the Democratic Ranks - Republicans Also Have a Majority of the Legislature-Mill Succeeds Danford.

COLUMBUS, O., Nov. 8.—The returns showed that the Democratic gains in Cincinnati, Cleveland and Toledo were reduced and that McLean was likely third at Cleveland and possibly at Toedo, in which cities, Jones drew much more heavily from the Democrats than the Republicans. At the same time time the Republican net gains outside of Cincinnati, Cleveland and Toledo were increasing at such a rate as to indicate a plurality of from 30,000 to 40,000 for for Judge Nash for governor and the entire Republican state ticket, including a majority of the legislature.

The full Republican ticket elected

For governor-GEORGE K. NASH of Franklin

For Lieutenant governor-JOHN A. CALDWELL of Hamilton. For judge of supreme court-W. Z.

DAVIS of Marion. For attorney general - JOHN M.

SHEETS of Putnam. For state treasurer—I. B. CAMERON

of Columbiana. For state auditor-W. D. GUILBERT

For board of rublic works—FRANK A. HUFFMAN of Van Wert.

For senator, Tenth district - ED-WARD D. HOWARD.

Judge Nasn, Republican candidate, was receiving the congratulations of his friends at the Neil House. He said: "I claim my election by at least 30,000. but I am too much engaged to give a statement of the causes or to analyze the results for the press.'

The Jones vote, which will not be more than 100,000, seems to have come largely from the Democratic party.

In Lucas county, the home of "Golden Rule" Jones. where it was expected that he would cut an important figure, Judge Nash has a plurality of

In Lorain, a great iron-working center, so heavy did Jones draw from the Democrats that in seven precincts the Republican gain was 500.

In Akron, a great manufacturing cen-

ter, the same effect is noticed.
In Cleveland, the home of Hanna, Jones has achieved his only victory. He has carried both the city and county of Cuyahoga. McLean seems to have been the third man in the race

In Hamilton county, the home of George B. Cox, the Democrats have won, and there the Democrats seem to have made their only marked gains.

Here in Franklin county, the home of Judge Nash, the Republicans have rolled up the largest plurality in the

history of the county. Details as to the vote on legislature are wanting, but it is quite certain that the Republicans will control both branches. As no United States senator

Toledo, Nov. 8.—Mayor Jones concedes his own defeat. "If my race has contributed in any way," he said, "to the success of John R. McLean, and a rebuke to the infamous Philippine policy of the administration, I feel that it has not been in vain."

CLEVELAND, Nov. 8.—Senator Hanna received the election returns at the Union club. He made the following

"Under the conditions it has been a splendid Republican victory. The returns have come in so slowly that it is impossible to say just how emphatic the victory is, but it is a magnificent one. It was an indorsement of the Republican party and a splendid one. It is too soon to say that I am satisfied with the result, for we do not know certainly what the result is. But we know enough to know that it is a great victory for the party.

The result in Cuyahoga county is not different from what was expected and was due to local conditions, which were pretty well understood before the elec-

When the returns are all in it will be possible to analyze the figures and understand all they mean, but until the returns are more complete, there is no use saying anything more than that they show a great Republican vic-

What Senator Hanna said applies only to Ohio. He refused to discuss the results in the other states and said only what he did very reluctantly.

#### CARRIED BY BRYANITES.

The Fusion Ticket Had Probably 10,000 Majority, Holcomb Being Chosen Judge.

LINCOLN, Neb., Nov. 8.—It is evident to both parties that Nebraska has repledged her allegiance to the fusion standard. While Republicans are not yet willing to admit defeat, early figures point that way. There has been a falling off of the vote of both parties, but while the fusionists have suffered but little the Republicans have been not less than three to a precinct.

If the present ratio is maintained, ex-Governor Holcomb and the fusion state ticket will be elected by not less than 10,000. Fusionists claim much more.

Wheeler Thinks They Will Be Good Place For Americans-Harm ot Criticism at Home.

FLORENCE, Ala., Nov. 8.—General Joe Wheeler, in a letter to Hon. W. J Wood, of Florence, stating his views on the Philippine question, said in part:

"I am delighted with the Philippine islands. I have no doubt that a little push and energy this fall will crush out the Aguinaldo insurrection, Out of 9,000,000 of people in these islands I do not think that he has more than 20.000 soldiers and in a square fight 5,000

Americans would tear them to pieces. "The evil features of these islands have been exaggerated to the people. Their extent is so great from north to south and the variation of the altitude is such that there is a great variety of climate and variety of productions. Americans will find this an excellent field for their energies, and the wealth producing powers of these islands under American influence will be very great.

"The action of some people in the United States in asserting that the Philippines ought to have independence does a great deal of harm and assists Aguinaldo in maintaining the insurrection, as he publishes all assertions by Americans of that character, and he tells his supporters that, if they hold our ti'l winter, independence will be given

"It also has a bad effect in thisthat people who are disposed to be favorable to us and who desire us to gover.

the islands fear to assert themselves because they know that if they should do so and the Americans should abandon them they would be in great danger of their lives, and in all probability their property would be confiscated.

#### HOBART'S CONDITION

LORE FAVORABLE.

Sat Up In a Chair For a Short Time and Ate Some Solid Food-Doctor Non-Committal.

Paterson, N. J., Nov. 8.-Vice President Hobart's condition was reported to be more favorable. It was stated at his house that Mr. Hobart had been able to sit up in a chair for a short time and had eaten some solid food, something he had not done in three weeks. He was less nervous than he had been for some days, and his family felt encouraged over his apparent improved condition. Dr. Newton, who remained at the house, would not offer any encouragement as to the vice president's recovery.

During the day Attorney General Griggs called and had a short interview with the vice president. Mr. Hobart was cheerful, and he told Mrs. Hobart that he hoped to be able to take her out for a drive before long. Among those who sent telegrams inquiring as to the vice president's condition were Senator and Mrs. Platt of Connecticut, Richard Mansfield, and Senator and Mrs. Faulkner of West Virginia.

# GOL. BARNETT ELEGTED

Republican State Ticket Won In Pennsylvania.

VOTE WAS SURPRISINGLY LIGHT.

The Head of the Ticket Received the News In Pittsburg, With Attorney General Elkin-Latter Claimed a Plurality of 125,000.

PHILADELPHIA, Nov. 8.—Estimates from all of the counties in the state in dicate Barnett's (Rep.) plurality over Creasy, Dem., to be 138,483. In same counties the estimates were necessarily based on meagre information and complete returns may change the result.

PHILADELPHIA, Nov. 8.—Returns from about one-half of the 67 counties in the state indicate that the vote was the lightest polled in years. Lieutenant Colonel James E. Barnett, the Republican candidate for state treasurer was cut considerably as a result of attacks made upon his military record but the returns received indicate his election by

over 100,000 plurality.

In the state the following ticket was elected: State treasurer, James E. Barnett, Rep.; supreme court judge, J. Hay Brown, Rep.; S. Leslie Mestrezat, Dem.; superior court judge, John 1. Mitchell, Rep. There are two yacancies in the supreme court and eaca party elects one judge.

Complete returns from the 40 wards in this city give Barnett, Republican, for state treasuer, a piurality over Creasy, Democrat, of 69,407, against a plurality of 74,548 for Haywood, the Republican candidate in 1995, and a plurality of 70,953 for Beacon, Republican, in 1897. The total vote cast was 150,440 against 158,588 in 1895 and 145,047 in

Republican State Chairman Reeder

"Colonel Barnett's majority in the state will be 140,000. The majority in Allegheny will be about 20,000 and in the state, exclusive of Philadelphia and Allegheny, about 50,000. The other candidates will run somewhat ahead of Barnett, as the opposition within our own party has been concentrated upon Colonel Barnett."

In an interview Senator Penrose said: It seems to be a staunch Republican victory all along the line and a strong indorsement of the national administration. We are all gratified at the splen-did indorsement of Colonel Barnett."

One congressman was elected in Pennsylvania. In the Ninth district, comprising Berks and Lehigh counties, Captain H. D. Greene, Dem., was chosen by a majority of 5,000 to succeed D. M. Ermentrout, deceased.

PITTSBURG, Nov. 8.—James E. Barnett, the head of the Republican ticket, received the news of the election in Pittsburg. Mr. Barnett was joined by R. B. Scrandrett and a few other personal friends. Later Attorney General Elkin arrived and joined the party.

Attorney General Elkin claimed a plurality in the state for Barnett of 125,000. This, he said, was a gratifying result, and exceeded the claims the Republican managers had made before the

"The returns we have received," he said, "indicate that Barnett's plurality will exceed that of Beacom. That of Beacom was 120,000, and I think Barnett will have at least 125,000.

PITTSBURG, Nov. 8.—Barnett will have an estimated majority of from 15,000 to 18,000 in the county. It is doubtful if he will lead the ticket.

#### funeral of Monsignor Jessing.

COLUMBUS, Nov. 8.—The funeral of Monsignor Joseph Jessing occurred at the Josephinum. Monsignor Martinelli, the apostolic delegate, was the celebrant of the pontifical requiem high mass, while two sermons were delivered. The remains were placed in a vault at Mount Calvary cemetery. It was the wish of the deceased that he should finally be buried under the altar at the Josephinum, and this probably will be done.

#### Republicans Carried New Jersey.

TRENTON, Nov. 8 .- The returns indicated that the Republicans have carried the state by about 20,000 plurality, although there was no direct vote on a state ticket. The Republicans will control both houses of the legislature by good working majorities, and will have an increased representation in the house

#### WENDLING'S LECTURE

On "The Man of Galilee" at the Grand Last Night Was a Great Success.

Despite the fact that it was election night, the Grand was well filled last night by an appreciative audience assembled to hear the second lecture in the high school series, delivered by Geo. R. Wendling upon "The Man of Galilee." Owing to trains being delayed the lecturer did not arrive until considerably after the time set, but this was fully compensated by the manner and matter of his lecture. He handled his subject, not, he said, from the religious standpoint, but from the standpoint of perfect manhood, and his eloquent and instructive address was listened to with rapt attention until the close when Mr. Wendling was given an ovation.

The only incidents that marred the pleasure of the evening were due to some of the auditors themselves. If the three ladies, wearing immense hats, well in the front of the house, had removed the mountains of feathers and geegaws, those in the rear, who paid as much for their seats as the view-destroyers, would not have suffered. Also, if the young heathen had desisted from munching peanuts continuously during the evening, he would not have been taken for a member of the porcine tribe. He should have been conducted outside and provided with a pen.

Entre Nous Made But One Touchdown,

IT WON THE GAME

The Game Was a Grand Success From a Football Standpoint-There Were Plenty of Chewing Matches to Make Things Lively and the Shoving Was Grand.

The Mt. Hope football team came to the city yesterday with the thought that they would have an easy thing with the Entre Nous eleven, but they were badly fooled, and returned home a sadder but wiser lot of football play. ers. The Entre Nous won the game by a score of 6 to 0.

The game was what a game of football usually is-a pushing, shoving, chewing match, with a great deal of the latter thrown in to enliven the occasion. The teams kept the ball in the middle of the field for some time and then somebody thought somebody else had endeavored to do them injury. There was much loud talk and the spectators flocked on the field expecting to see something, but the trouble was averted without bloodshed and the nice quiet game went on. Mt. Hope passed the ball to McKeever for a kick, but he fumbled and Walsh fell on the ball Then began a grand shoving match in which Stoffle and Stevenson were the principal figures. When they stopped the ball had gone over the Mt. Hope line for a touchdown and Pope kicked

The second half was a repetition of the first half only there were several talks of fight in this half and the air was blue on several occasions, but after some players had been hauled out by their hair the game proceeded in a very peaceable manner for a football game. The elevens pushed each other around the center of the field for 25 minutes, time was taken on several occasions while some of the players recovered their breath and then the referee announced that the game was over.

Strange to say there was nobody hurt in the battle, although at times the 22 players looked like a mass of feet, the whole bunch being on the ground at one

Amusing Incidents.

At the First precinct of the Third ward. Pat Fennel, a red hot Democrat from away back, was driven home to his supper in a Nash carriage and the judges and clerks in that precinct had a great deal of sport with him before the night was over.

Another amusing incident was the sight of a prominent Democrat at the Republican headquarters hard at work posting bulletins and entering into the spirit of the occasion with a will.

Modesty is the crowning virtue of American women. It is the traft that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to 2 physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of

#### THE CITY'S VOTE.

That the workingmen and mechanics of East Liverpool are possessed of good sound sense was exhibited by their vote yesterday. They appreciate to the full what prosperity means and responded in the most powerful manner with their ballots. Sophistries and the buncombe of orators like Welty and his kind have no effect against this bedrock of grandly glorious American common sense.

#### JONES THE INGRATE.

Somuel M. Jones has been a Republican office holder, and has pretended to be a Republican. He now says that he is very much delighted if he has in any manner contributed to the vote of Democratic Boodler McLean, a man who hoped to BUY his way to the position of Governor of the grand old commonwealth of Ohio. Surely Samuel Mutton Jones is a PECULIAR reformer.

#### GLORIOUS NEWS.

Ohio's splendid victory is matched by Republican successes in Kentucky, Iowa, New Jersey and South Dakota, increased Republican pluralities in Massachusetts, Kansas and Pennsylvania and Republican gains in Nebraska and New York. Democratic success in Maryland was due to a Republican factional fight. It means the resurrection of Ex-senator Gorman as a Democratic leader, a fact that will scarcely cheer the Bryanites.

#### SHOULD BE STOPPED.

If the management of entertainments in this city would adopt the rule customary in some other cities and close the doors and refuse admission after a certain hour, the result would be a vast benefit to the public who are on time.

Repulsed in the campaign by the Republican leaders, and not granted even hay from the financial crib, the distorted foot came forth in all its ugliness, denouncing McKinley and his administration, Nash and all his splendid Republican co-workers, on its first page, not even under the heading of an advertisement, and advocating McLean and boodle. As one of the principal stockholders in the sheet said: "The proprietor of that sheet made a big mistake from every standpoint." The day of judgment for this delectable sheet has come. Trickery and low cunning may prevail for a season, but the right will win in the end. Exit the lower region sheet.

> The loss of life was 404, an increase over the previous year of 123. Of this number the cause of death in 86 cases was accidental drowning, 213 from wrecks, etc., 13 from fire, 31 from collisions, 24 from explosions or accidental escape of steam and 37 from miscellaneous causes. Of the whole number 158 were passengers, and 246 belonged to crews of vessels.

The increase in the loss of life this year over the year 1897 was due to the loss of the steamer Portland, off the Massachusetts coast during a gale on the night of Nov. 27, 1898, wherein every soul on board-127-perished.

#### Four Courtship Sundays.

The four Sundays of November are observed as fete days in Holland. They are known by the curious names Review, Decision, Purchase and Possession and all refer to matrimonial affairs, November in Holland being the month par excellence devoted to courtship and marriage, probably because the agricultural occupations of the year are over and possibly because the lords of creation from quite remote antiquity have recognized the pleasantness of having wives to cook and cater for them during the long winter.

On Review Sunday everybody goes to church, and after service there is a church parade in every village, when the youths and maidens gaze upon each other, but forbear to speak.

On Decision Sunday each bachelor who is seeking a wife approaches the maiden of his choice with a ceremonious bow and from her manner of responding judges whether his advances are acceptable. Purchase Sunday the consent of the parents is sought if the suit has prospered during the week Not until Possession Sunday, howev er, do the twain appear before the world as actual or prospective brides and grooms. - Denver News.

The Tide Ran Away.

The humorist had been tied hand and foot and lashed to a pile that projected a dozen or more feet above the water at low tide

He had dared to perpetrate an orig-'nal joke, and the Paragraphers' Amalgamated union had decreed his death.

The cruel waters were rising beneath him. The tide was coming in.

"I'm afraid." he murmured as he tooked down and noticed that the little waves were lapping at his shoe-"I'm afraid that one tied will not affect the other." And he laughed harshly. "Anyway." he added a moment later, I'll stick to my post.

The tide rose faster. It was at his knee, his wolst, his elbow, his neck!

Just as it reached his chin he gave one final glance across the sparkling waves and musered:

"Well, it seems to be up to me now. Whereupon the tide turned and ran

#### He Took the Hint. General Harrison, in 1889, sent Dr.

Bedloe of Philadelphia to Canton as consul. During his term the doctor was spending a month or two in Washington and was largely in evidence in social and political circles. About this time the Gridiron club gave a dinner and both gentlemen were guests. The doctor told a few stories early in the evening, and later on the president made a speech

"I was charmed," he said in his soft, graceful way, "to hear the clever anecdotes from our distinguished consul to I mean from Amoy." Then he passed on to other topics, but the doctor took the hint, and the next steamer carried him back to his post.

It was not the first time that Dr. Bedloe had experience with presidents at club dinners. Once President Cleveland was a guest at the celebrated Clover club in Philadelphia, of which the doctor is a famous wit. The Cloverites always interrupt their guests when they rise to speak. Knowing this, Mr. Cleveland began:

"Go on, gentlemen; I am prepared for the worst."

There came an instant's pause, and the doctor cackled shrilly

"" are we." - Philadelphia Post.

British Not Merely on Defensive at Ladysmith.

BOERS WERE CUT TO PIECES.

A Force of Them at Tatham's Farm Practically Wiped Out-Another Successful Engagement - Believed That Railway Will Be Opened.

LONDON, Nov. 8.-The welcome dispatches from the front have rent the veil of gloom enveloping Ladysmith. showing the British garrison not merely standing on the dogged defensive, but executing a series of brilliant sorties. Accounts from different sources agree that the laconic official description of Thursday's engagement as "an effective shelling of the Boer laager" was unduly modest. It appears that General Sir George Stewart White sent a strong force of cavalry and infantry to attack the Boers at Tatham's farm, about ten miles to the northwest, near Besters, and apparently achieved a surprise, the Boers being caught on the open velat and cut to pieces and their army captured. Encouraged by this success, General White decided to risk an even more important engagement on the following day, which was again justified

Ladysmith had been isolated and a Boer force had intercepted the railway between Ladysmith and Colenso. This force on Friday had descended upon Colenso and, as shown by the dispatches from Estcourt, had compelled a hurried abandonment of Colenso and a retirement of the British to Estcourt.

General White had ascertained that the Boers were attacking Colenso, but he was not aware of the British retirement. He had determined, therefore, to attack the Boers in the rear, thus hoping to achieve the double object of drawing off an attack upon the weak garrison of Colenso and possibly of reopening communication southward.

The Boers had advanced southward until they had occupied the hills north of Tugeia river and dominating Colenso on the other side of the stream. The hills slope to a plain that reaches to the banks of the Tugela.

General White's division caught the Boers in the rear and, after the hills had been shelled, the British infantry stormed the position. Meanwhile the British cavalry swept around the hills, and, as the retreating enemy descended into the plains with British bayonets behind them and the river in front of them, they were charged by the cavairy and seem to have perished almost to a man. The British then returned to Ladysmith without coming into touch with the Colenso garrison, which had retired to Estcourt.

Sunday's dispatch from Estcourt. however, showed that an armored train had been sent back to Colenso to repair the line, and the next news may possibly be of the restoration of communication with Ladysmith.

While the British troops were thus engaged in successful endeavors to wipe out the Nicholsons Nek disaster the situation inside Ladysmith, as shown by an official dispatch from the general ac Estcout was most satisfactory, encouraging a hope that Sir George White may yet completely retrieve his shaken reputation.

Interesting news came from the channel squadron at Gibraltar, showing precautions against all eventualities almost unknown in European waters in peace time. On the way to Gibraltar the flect spread out four miles apart and a sharp outlook was kept for suspicious craft At Gibraltar extra sentries are posted at night at dimerent parts of the ships with ten rounds of ball cartridges eacn. The small guns on the upper deck and in the fighting tops are kept ready for immediate use, the ammunition being on deck; a few men sleep at the guns, the searchlights are kept working and all boats are hailed and not allowed to approach without the permission of the officer of the watch.

#### A DENIAL FROM GERMANY.

No Intervention Proposition Submitted by the Other Powers,

Berlin, Nov. 8 .- Regarding the alleged scheme for arbitrating the Transvaal question a semi-official statement has been issued as follows:

"Fotning whatever is known here of any common plan of action upon the part of Russia, France or Spain in the Transvaal question. In any case it must be positively stated that no such plans have been brought to the knowledge of the German government from any quarter whatever, and therefore it has never been in the position to reject any such or similar proposition."

#### The British Loss Eight.

London, Nov. 8.—An official dispatch from Ladysmith, dated Monday, Nov. 6, said: "There has been a cessation of hostilities since Friday. Only one Karfir was killed by the Boer bombardment. The total British loss was eight killed, including Captain Knapp and Lieutenant Brabant, and 20 wounded in Thursday's and Friday's engagement. The town is well provisioned and is believed to be entirely safe."

After the session the bishops departed for Baltimore, where they will meet the general committee on church extension to assemble tomorrow morning.

A number of the prelates will remain in Baltimore over Sunday and others will return to this city to speak from local pulpits in the interest of the Freedmen's Aid cause. The entire board of bishops will meet the general committee of Freedmen's Aid and the Southern Educational society in this city in a two days conference, beginning Nov. 13. #### MARYLAND DEMOCRATIC.

John Walter Smith Elected Governor by a Large Majority-Democrats Control Legislature.

BALTIMORE, Nov. 8.—Incomplete returns from from the city of Baltimore and meagre returns from the state indicate that the Republicans of Maryland have been overwhelmingly defeated, and that John Walter Smith, the Democatic candidate, has been elected by a majority variously estimated at from 10,000 to 15,000. There is also a reasonable certainty that the lower house of the general assembly will be Democratic by a large majority, and that the Democrats will elect enough state senators to overcome the Republican advantage among the holdover senators, thereby controlling both branches of the legislature.

The Democrats are wild with enthusiasm, while the Republicans are correspondingly depressed over the result, which they are inclined to attribute to treachery among the followers of Mayor Malster and United States Senator George L. Wellington. The latter has taken no part in the campaign and has not hesitated, since his resignation as chairman of the state central committee a few weeks ago, to predict the overwhelming deteat of the Republican

#### HOW THE PRESIDENT VOTED.

Walked to Polls, After Exchanging Greet ings, and Cast His Ballot.

Canton, O., Nov. 8 .- Respecting the President's desire for simplicity in exercising the right of franchise Cantonians organized no demonstration when he came here to vote, but when the train steamed in there were on the station platform nearly all the members of the reception committee of the 1896 campaign, scores of old neighbors and close friends together with an immense crowd of old citizens. Lusty cheering began as the train appeared and continued until the party in carriages disappeared. The party went direct to the Barber home to be the guests of Mrs. McKinley's sister

As soon as greetings were exchanged and Mrs. McKinley comfortably established the president started for his polling place, B of the First ward. At the Barber steps he encountered an impromptu reception, a large crowd having gathered to geet him.

Shaking hands as he passed, the president walked to the polling place seven blocks away. Here there were more greetings exchanged and he was handed ballot 101. He was back of the booth curtain only an instant and then handed his ballot to the judge.

Wheaton's Force Probably Landed-Mac-Arthur Has Likely Started and Lawton May Move Today.

Manilla, Nov. 8.—General Wheaton's orders were to land at or near San Fabian, a fishing village 20 miles north east of Dagupan. The insurgent forces there only numbered about 300 men entrenched, whereas at Dagupan there are some thousands of insurgents and five miles of strong trenches. The Mounts river is blockaded. General Wheaton is supposed to have lanced. though communication with him is not expected until today. The weather has been good since he started and he should have been able to take the trenche without great loss of life.

From San Fabian General Wheaton can control the roads of escape from Tarlac to the northeast, making a junction with General Lawton. General MacArthur was expected to begin hi advance toward Tarlac last night. General Lawton probably will resume his advance today, though in the face of great difficulties, rains in that district having destroyed all the bridges in the vicinity, including several the engineer built for the movement. General Law ton had been working hard for several days to get rations forward. The Thirty-fifth regiment is to reinforce

A force of 300 insurgents attacked the Fourth cavalry, making three futil charges and losing three men, the Americans lost none.

The first raft across the ferry, at Cabanatuan was carried away by the swift current. It had 16 men of the Third cavalry on board with their horses. One of them was drowned.

Taylor Predicted to Have Carried Kentucky by From 10,000 to 15,000 Majority.

Frankfort, Ky., Nov. 8 .-- Former Senator Blackburn sent the following telegram to W. J. Bryan:

"We have carried Kentucky by a small but safe majority. Sincere congratulations upon your splendid victory

Louisville, Nov. 8.—Later returns tend to confirm the Republican claims of victory, and while the majority will not reach their estimated figure, the re turns received up to 1 o'clock continue to show Republican gains, and a plurality of 7,600 is conceded by many of the Democratic leaders, while some of the more faithful are claiming a plurality of 5,000 for Goebel.

LOUISVIDLE, Nov. 8.—Chairman Long of the Republican campaign committee claimed that General Taylor has carried the state by from 10,000 to 15,000 majority. He says that Taylor has carried the Third, Fourth, Fifth, Ninth and Eleventh congressional districts, while the Eighth and Tenth are close.

The Republicans have made heavy gains in most all of the Democratic strongholds waich were expected to give Goebel large majorities. Chairman Long claims the Republicans have carried the city of Louisville by from 3,000 to 5,000 majority.

## TROOPS CALLED OUT

IN LOUISVILLE.

Inspectors Appointed by a Judge Alleged to Have Been Refused Admismission to Inspect Counts.

LOUISVILLE, Nov. 8.—Colonel C. C. Mer received orders from Governor Bradley to send to the polls at once the Louisville Legion, which had been under arms at it's armory all day in readiness for a call. Up to this time the election had been one of the quietest ever known here. A few arrests for alleged interference with voters were made, but taere was less than the usual amount of friction between the workers of the respective candidates. When the polls closed at 4 o'clock the inspector representing the interests of the Brown ticket appeared and demanded admittance to watch the count.

This was done under a mandatory in junction issued by Judge Toney of the circuit court, shortly before noon, restraining the city authorities and offlcers of election from interfering with the Brown inspectors. About the middle of the afternoon the Republicans secured a similar order for their inspectors on representations that they were threatened with interference.

In a number of places the inspectors were refused recognition and Governor Bradley's order for troops to go to the polls was made upon a statement by Judge Toney reciting this state of ai-

The men were ready, and within a few minutes began to form about the

armory. Beits were loaded up with ball cartridges and every man had his bayonet fixed.

Colonel Mengel, who was in uniform for the first time since the regiment was placed in readiness for a call, assumed command. As soon as the order became known Sheriff Bell hastened to the armory and protested against the calling out of the troops on the ground that there had been no disorder and no trouble, and that there was no occasion for action by the state authorities; that Judge Toney had not made any representations to him, the sheriff, as peace officer of the county; that there had not been any interference with his order.

Colonel Mengel replied that he was acting under instructions from Gov-

ernor Bradley.

LEXINGTON, Ky.. Nov. 8.-In one precinct in this city, while the count was in progress, a body of armed men, said to have come from the Republican headquarters, attempted to enforce a fair count, as they claimed. Reaching the precinct, they were met by a number of police and citizens. Firearms were brought into use and about 100 shots were fired. One negro was wounded, not seriously. The attacking party fied and no arrests have been

NEW YORK, Nov. 8.—Returns from state and city as far as secured indicated that the Republicans will have about the same majority in the next assembly as in the last, the Democratic gains in this city being offset by losses in the smaller counties. In 113 assembly districts which have reported, including 29 in this city, 75 Republicans and 38 Democrats were elected. The Democrats suffered grave reverses in Erie county (Buffalo) and Chemung county, the home of ex-Senator David B. Hill. SUGAR CANE PAPER.

Ex-Governor Warmoth About to Begin an Experiment In Louisiana.

The announcement is officially made that Governor Warmoth is building a paper mill as an annex to his sugar house on Magnolia plantation, about 30 miles south of New Orleans. The mill will utilize the cane, after the sugar has been extracted from it. It has called bagasse in Louisiana is an even better material for the manufacture of paper than wood pulp, being in a condition to be converted into paper as it leaves the mills and at small

What to do with the bagasse has been one of the problems of the Louisiana planter from the earliest times, says a correspondent of the New York Sun. There are between 3,000,000 and 5,000,000 tons of it turned out by the mills every year. It is bulky and hard to get rid of. The law prohibits dumping it into the streams. The owners of the old sugar houses constructed at considerable expense immense bagasse chimneys into which the dry canes were dropped and then destroyed by fire by forced draft. It was a complete loss, and the planter, instead of making anything by the bagasse, actually paid to get rid of it. Afterward a process was invented by which the bagasse could be used as fuel. Many of the plantations now get a considerable portion of their fuel in this way, but it is not the best of fuel, and then it is recognized that the burning of the bagasse is more or less waste of an important byproduct.

Some years ago it was shown that bagasse was as good a material for the manufacture of paper as wood pulp, and there was talk of erecting one or more paper mills in the sugar district. The trouble is that with the improved of sugar the Louisiana planter has just as much on his hands as his capital and his labor will allow him to attend to. He could make a good thing if he added a rum distillery to his sugar house and used the low grade eral years. The road is very solid and molasses which he now throws away will stay in the present condition until in the manufacture of rum, and his spring unless there is an unusually hard bagasse would pay well if converted

but he cannot run a plantation sugar The First the same time.

Governor Warmoth believes that the time has come when a paper mill as an annex to a sugar factory will prove profitable, and he will try it. He is in a position to try it on more satisfactory terms than the other planters, because his Magnolia plantation has one of the four diffusion plants in Louisiana, the other three being at Baton Rouge and in Ascension and St. Mary parishes. The dry chips which come from the diffusion battery after the sugar has been extracted from them are naturally in better condition to be manufactured into paper than the rushed cane which comes from the other sugar mills, and if the sugar cane paper industry proves successful anywhere it will be upon the Warmoth place.

#### English Secret Service Money.

The term "secret service money" is usually applied to a fund place | at the disposal of ministers to be expended at their discretion in promoting or pro tecting the interests of this country These moneys consist of a sum of £35, 000 annually included in the estimates. in respect of which ministers are only required to make a declaration that the moneys spent have been expended "in accordance with the intentions of parliament."

As ministers are required to give no account of their stewardship, it is obvious we have no means of knowing how these moneys are expended. The reader, however, who carries his mind back to episodes within his knowledge. such as the collapse of the Fenian conspirators or of their later development, the "Irish Invincibles," will have little difficulty in realizing how indispensable a fund of this kind is to the protection of a state and of understanding the infinite variety of uses to into paper instead of used for fuel, which it may be applied .-
